SAINT GERMAIN
SPEAKS IN STOCKHOLM
to All Europeans
Spiritual and Planetary Freedom
in the Dawning Age of Aquarius
SEPTEMBER 3–6, 2026

Welcome

Welcome to Stockholm, the capital of Sweden, and to this unique opportunity for all light workers. In this time of planetary transformation we will release Light into current issues.

The Ascended Masters are here to magnify our efforts and guide us to higher levels of being. We will especially work with the Ascended Master Saint Germain, who has been central for Europe´s mission and our own for a very long time.

Through inspiring messages of eternal wisdom, often referred to as *heartstreams*, from The Ascended Masters delivered through their messenger David C. Lewis – in addition to mantra, meditation, song and Qigong – there is a release of Light, and each one of us will become an anchor point for the unique and new Light Essences that will be transferred to Stockholm, Sweden and the Earth during this event.

Our spiritual victory is ours to claim!
