Europe

- In the right upper corner on each slide there is a picture of the respective nation's parliament.
- To the bottom left is the respective nation's flag.
- If the nation is a monarchy it will show a crown to the bottom right.
- The ruby heart indicates where the actual nation is located.
- The yellow gems show which nations we already decreed for.
- We start in Austria and reinforce a yellow spiral of light which Great Divine Director created 2007.

Europe

- Georgia, Azerbaijan and Armenia is by geography located in Asia but by their culture and economy bounds are often counted to the European countries.
- Russia is located both in Asian and Europe. Russia from the Ural Mountain toward west are counted as European part of Russia
Russia also has a piece of land between Lithuania and Poland towards the Baltic Sea
- Greenland; Self governing administrative division of The Kingdom of Denmark but is located in North America
- Kosovo is accepted as a nation only by half of FN's 193 states

continues on next slide

Europe

- Åland – Self governing administrative division of Finland
- Faroe Islands - part of the Kingdom of Denmark; self-governing overseas administrative division of Denmark since 1948
- Cyprus – Divided in two parts, *Republic of Cyprus*, which is recognized internationally and in the north the *Turkish Republic of Cyprus* only recognized by Turkey
- Gibraltar – Overseas territory of UK
- Monaco - Principality of Monaco, constitutional monarchy
- Liechtenstein - Principality of Liechtenstein, Hereditary constitutional monarchy

Europe

So, you see, there is this day a cosmic connection established between Venus and Bergvik and Vienna. And these three V's within these names are there as a triune action of the light of Victory whereby the full divine radiance of God-love from my home star can continue to pulse forth through Europe and then out into the world. Victory, 3 Oct 2009
